How to Install

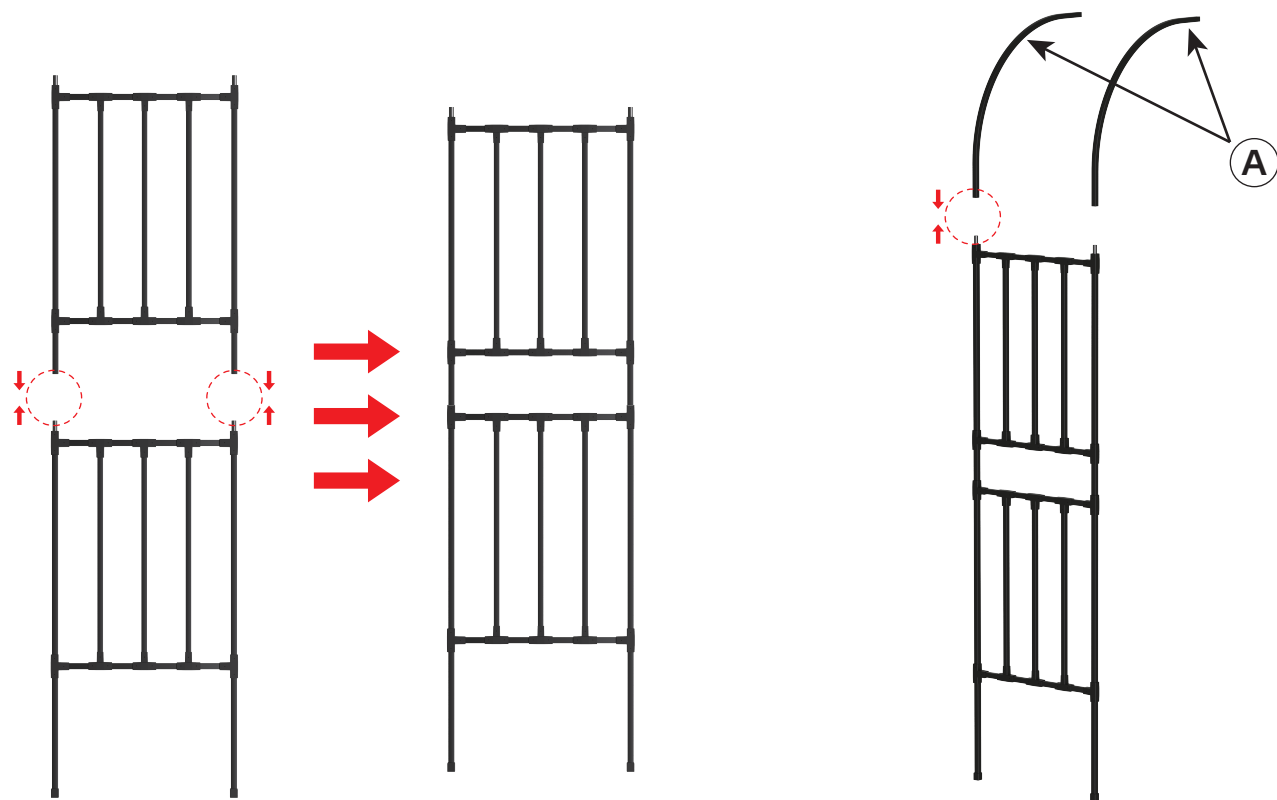

- ➊ Connect B1 and C, D1 and C, and combine them to form the accessories on the side of the arch. Fix them with screws (N) (repeat the above steps to install two)

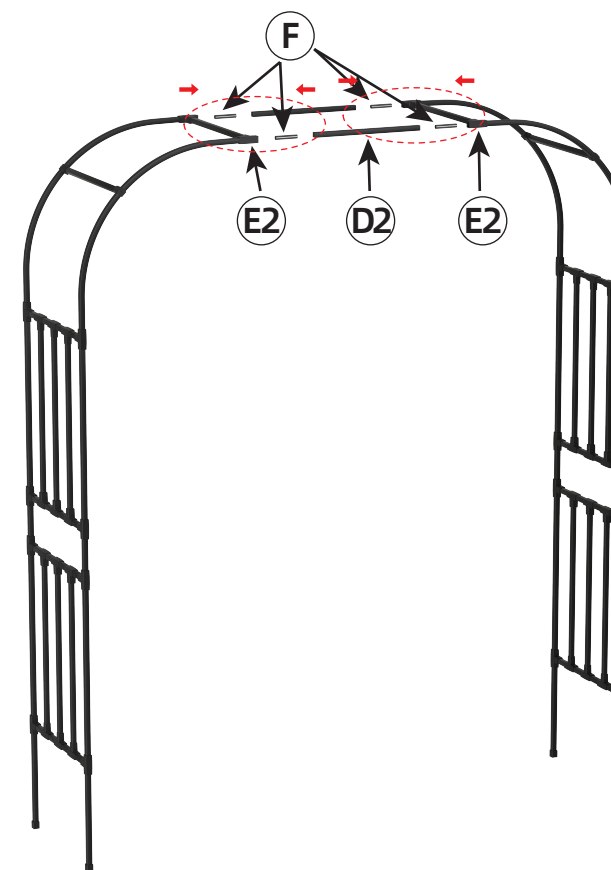

- ② Connect B2 and C, D1 and C, and combine them to form the lower part of the arch side accessory. Fix it with screws (N) (repeat the above steps to install two)

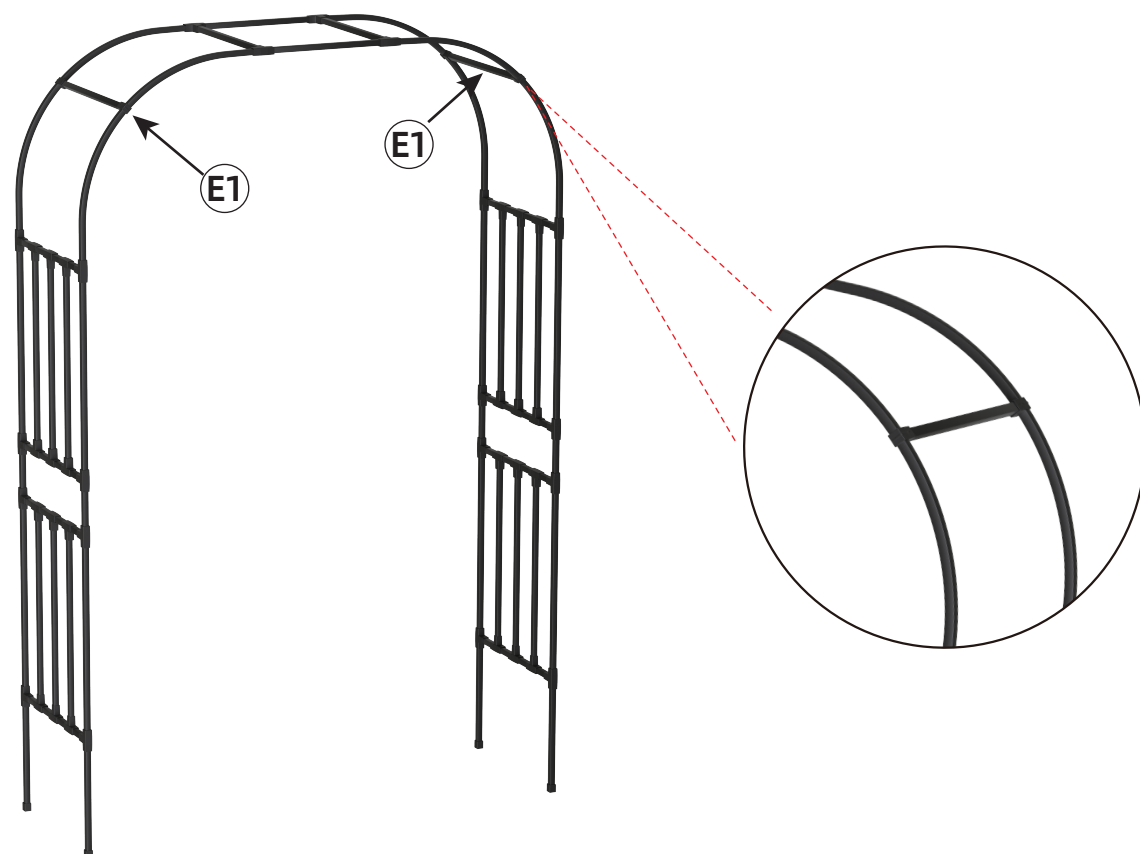

- ③ Combine the upper and lower parts of the side of the arch (steps 1 and 2) together, and insert the two curved bows (part A) (repeat the above steps to install two)

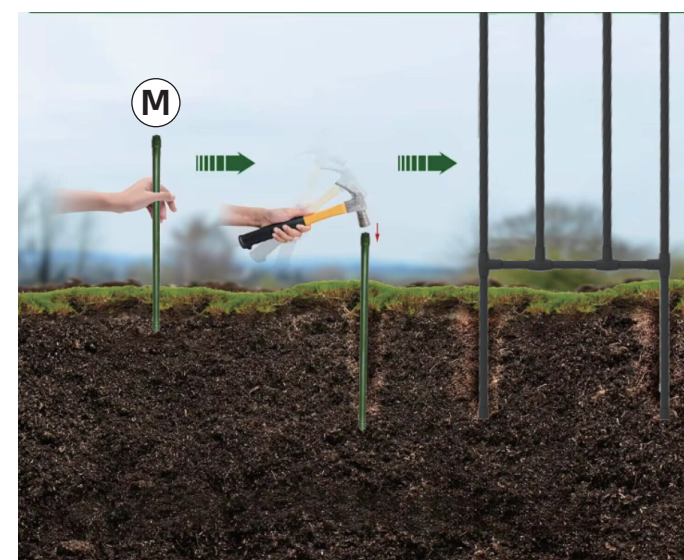

- ④ Combine F, D2, E2, and the assembled (step 3) components together

- ⑤ Fix E1 at the top of the arch (connection point in step four) and ensure the stability of the product

- ⑥ Choose a suitable location and use M to drill a hole at a depth of 20cm to fix the arch in the hole.

< Attention >

- .For safety, wear gloves when installing
- .The unit must insert into the earth at least 20cm
- .Please avoid climbing of Children
- .Resist bad weather such as strong wind, please use auxiliary support
